**VIA VERDE FIRE
BURNED AREA REPORT
FILE NO. 2-11.40**

Recommendation

No further action by Public Works is necessary.

Background

Fire Name: Via Verde Fire
Date of Fire: June 14, 2006
Burned Area: 18 Acres
Location: South of the San Bernardino (10) Freeway, South of Via Verde exit near Forest Lawn Cemetery in unincorporated County of Los Angeles territory in West Covina. Refer to Thomas Guide Page 639-F1 (2003 Edition). The burned area boundary is plotted on Attachment A.

Summary of Potential Sediment Impact

On June 15, 2006, Water Resources Division staff conducted field reconnaissance on the burned area looking for residences and/or County facilities that could be impacted by potential flooding/debris flows during storms. During a design storm event (50-year frequency), debris material will flow directly into the low lying region of the canyon below the burn. No adverse debris flow impacts are anticipated. There are no County facilities or residents which could be impacted by storm produced debris flows.

The approved Burned Area Report will be posted on the Internet at <http://www.ladpw.org/WRD/FIRE/>.

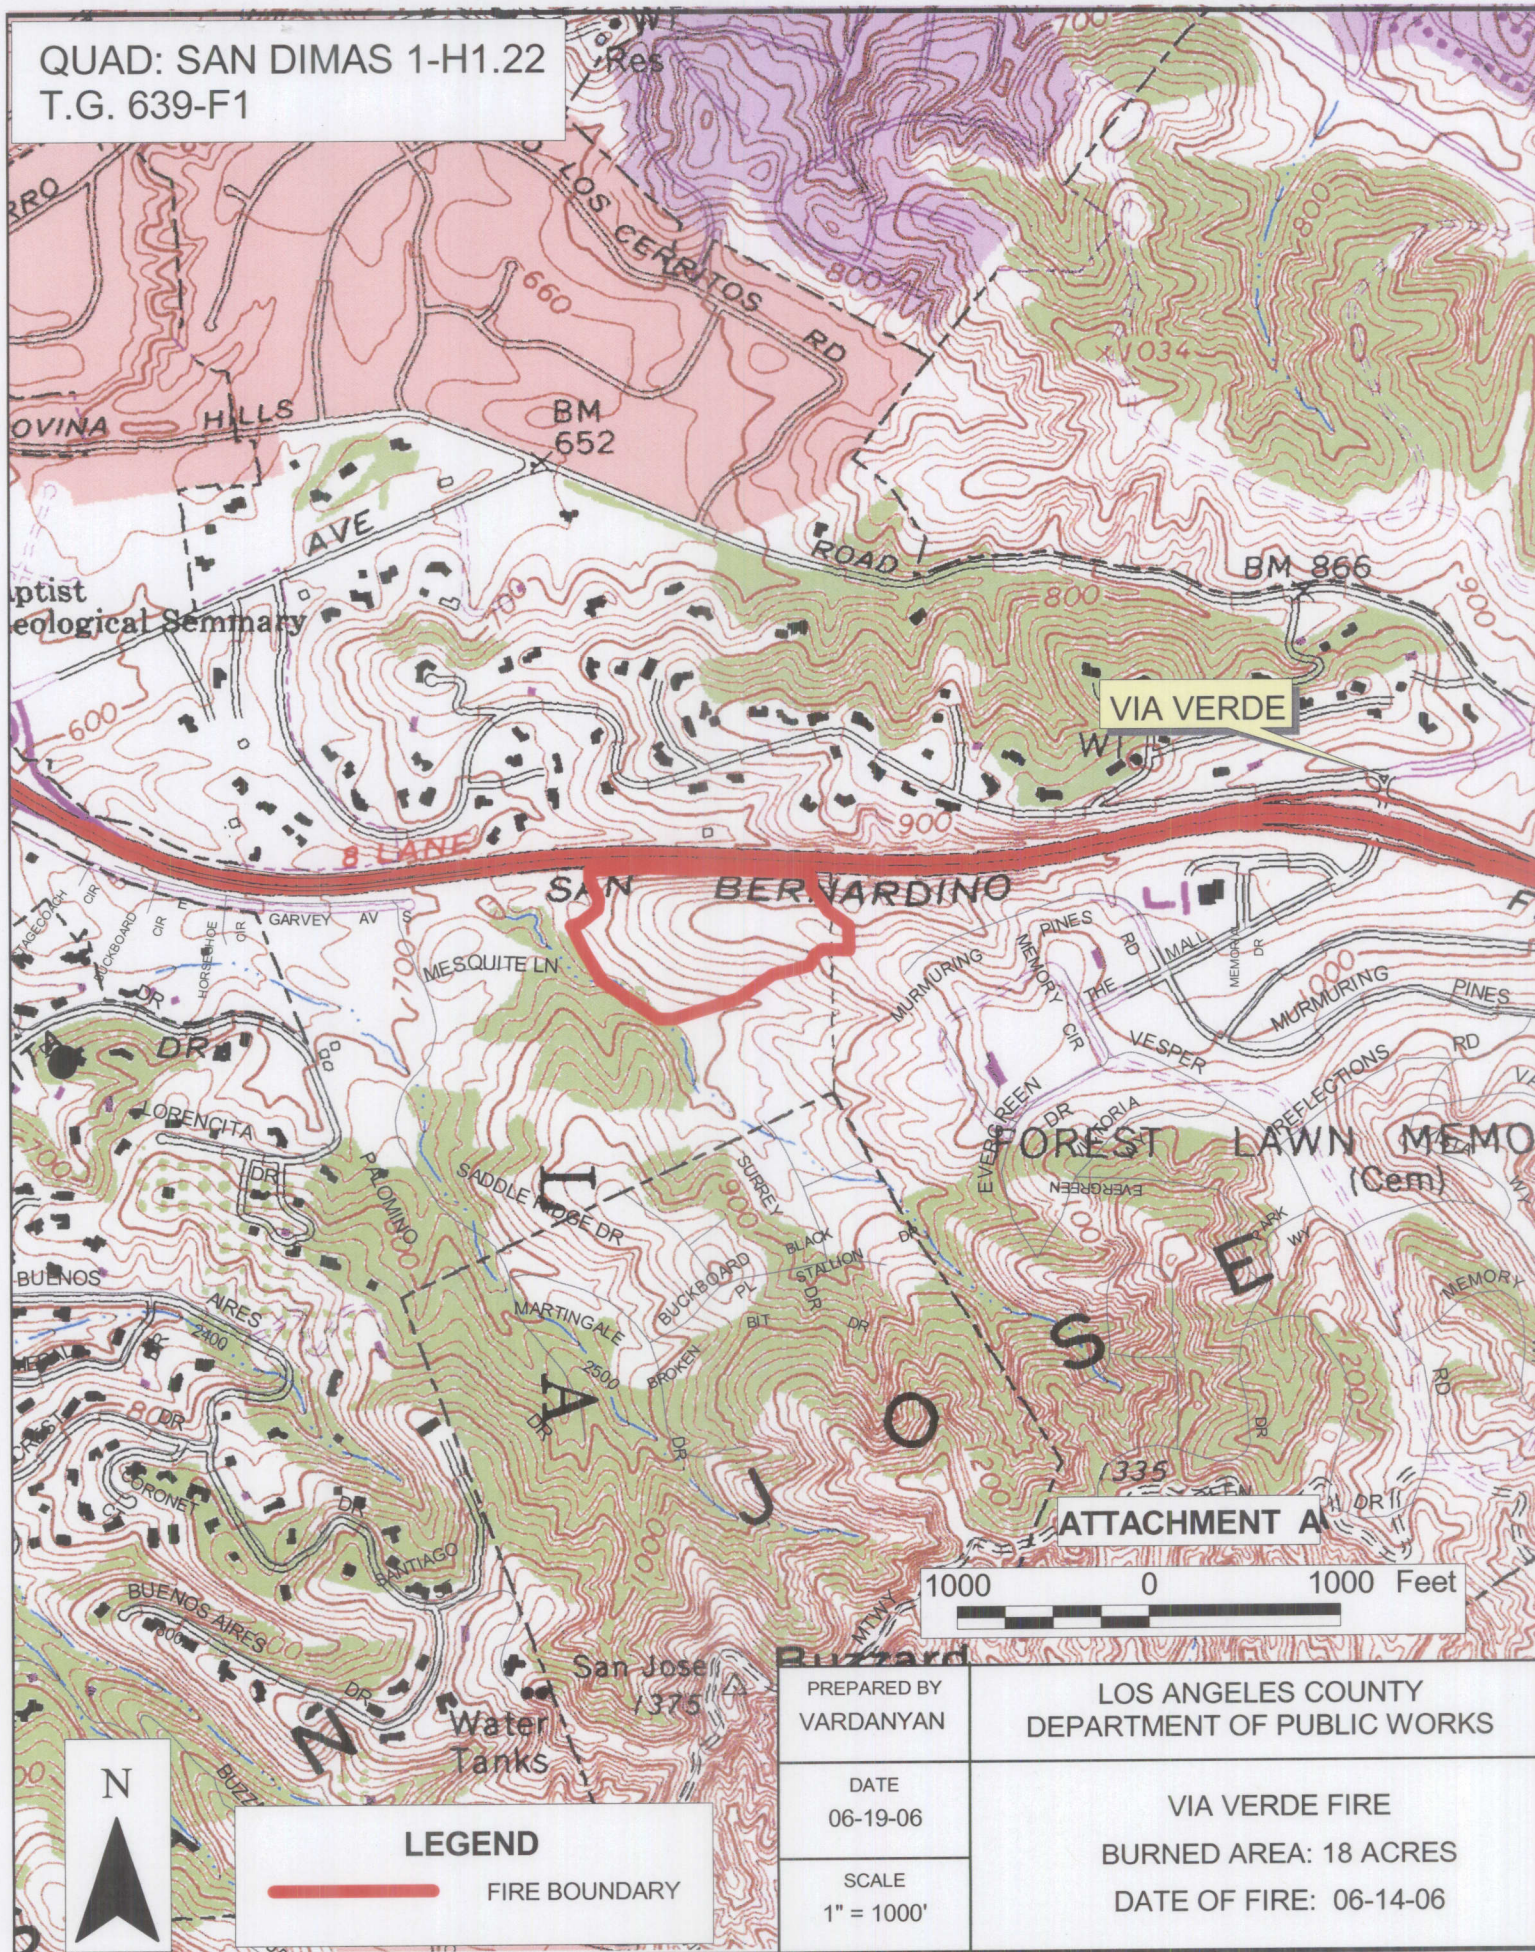

If you have any questions regarding this fire report, please contact Arevik Vardanyan at 458-6115 or William Saunders at 458-6187.
